

**OFFICE OF THE
MANIPUR STATE AIDS CONTROL SOCIETY
IMPHAL, MANIPUR**

No. 1089/corr/MACS/NGO/08

Imphal, the 4th March, 2010

To,

The Chief Functionary

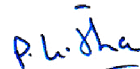

.....

Subject: - Poor performance of ICTC referral.

Sir,

With reference to your monthly reports of April, 09 to Jan, 2010 sent to MACS every month, it has been noticed that you are unable to achieve the target of ICTC referral so far which is one of the key activities of TI. As per NACO norms, you are supposed to refer 10% of your clients every month for testing. In case of continued poor referral, MACS may be forced to fix your target for the next year on the basis of the number of clients referred for testing.

You are requested to immediately gear up the ICTC performance. This is critical & top priority activity if we are to successfully tackle the menace of HIV/AIDS in Manipur.

(Pradeep Kumar Jha)
Project Director
Manipur State AIDS Control Society
Imphal, Manipur

Endt No. 1089/corr/MACS/NGO/08
